**PROJECT: MAIN ENGINE ROOM RECONSTRUCTION AND
EMERGENCY GENSET INSTALLATION**

To Whom It May Concern

To be let known that Mr. Franjo Jaša, presently owner of DIESEL MOTORI Hatz, Zagreb, CROATIA attended as contractor during performing of Project «Main engine room reconstruction and emergency genset installation» on the self elevating drilling unit «Labin». During project he was in charge, together with CROSCO's serviceman for deinstallation, installation, preparing for start up and start up of main engine and emergency genset. Main engine room formerly was consist of three Pielstick genset now replaced with four CATERPILLAR genset consist of 3516 diesel engine and SR 4 generator. Former Pielstick emergency genset was replaced with new CATERPILLAR genset consist of 3508 diesel engine and SR 4 generator. DIESEL MOTORI Hatz employers and espacially Mr. Jaša during his attendance gave an outstanding performance and had shown good knowledge and experience in machinery installation, service and testing during this reconstruction. Mr. Jaša gave good cooperation to the project manager and were be very helpfully espacially with the respects of his twelve years expireince as Engineer in charge at CROSCO's self elevating drilling unit «PANON» and «LABIN».

Very truly yours,

Miroslav Pacak, B.Sc.M.E.

Project manager
